Check if this rebate coincides with an Energy Efficiency Loan.

NOTE: Solar shade screen rebates are for existing residences or facilities only. The rebate amount shall not exceed the purchase price. The solar shade screen shall be installed on the exterior of existing windows in a residence or facility receiving electrical service from CEC. To receive a rebate, the solar screen must have a Shading Coefficient (SC) of <.33, installed on windows that have a western, eastern or southern orientation and are not shaded by permanent structures.

Customer Signature and Acceptance of Terms:
By signing below, I hereby certify that all information contained in this rebate application is correct, and that I have accepted and agree to abide by all program requirements, terms and conditions. I further acknowledge that CEC may verify the accuracy of all information provided and may be subject to on-site inspections. I recognize that all the elements of the program are subject to periodic review and can be amended, altered or discontinued at the discretion of CEC. I understand that the rebate credit for which I am eligible will be credited on my CEC electric bill, or a bill credit or check (if no active account) will be issued in the landlord's name, if applicable. If the rebate is used in conjunction with a CEC loan, the rebate will be applied to the principle balance. I agree to hold CEC harmless from any problems arising from the installations and the operation of these systems or from any energy-saving claims, as these are solely the responsibility of the installer/seller.
