# Preferred Due Date Plan

A special payment plan for seniors and disabled members

## The Preferred Due Date Plan

The Preferred Due Date Plan is a special payment plan which provides participating members the ability to choose the day of the month on which they wish their bills to be due. The electric bill will then be due on that day or shortly after if that day falls on a non-Clay Electric business day. This takes into consideration that members may receive Social Security, retirement, or disability checks on dates that do not always coincide with their normal bill cycle due dates.

To qualify for the plan, a member must be at least 62 years old or disabled and have established an acceptable credit history. A Plan participant account will be past due the day after the due date selected. If the bill is not paid within 7 days after the due date, participants' accounts will be delinquent. Then, if payment in full is not received by this date, a late charge of \$5 or 5 percent of the delinquent amount (whichever is greater) will be added, and the member may be removed from the Preferred Due Date Plan.

You can apply for the Preferred Due Date Plan by filling out the application on the opposite page and mailing the application with your next electric bill payment, or mail at any time in a separate envelope to: Clay Electric Cooperative, Inc., Attn: Preferred Due Date Plan, P.O. Box 308, Keystone Heights, Florida 32656-0308. You may also apply by phone or in person at your district office. Applicants under age 62 must provide a statement of disability (Benefit Verification Statement/ Form TPQY from Social Security Administration) to begin participation.

If you have any questions, please call your local district office at the number listed on the back of this brochure.
